#### Tshivhase secondary school [ National Senior Certificate]

Year obtained: 2018

Completed my matric from Tshivhase secondary School with a balanced involvement in academics, extracurricular activities, and community service. Took a range of core courses in English, Math, and Science, and participated in the school club which is the Art dance club. Volunteered with the local community center, helping organize events and assisting with youth programs, which developed my teamwork and communication skills.

---

#### University of Venda [Bsc in computer science]

Graduation year: 2023

Obtained a Bachelor's degree in Computer Science, where I acquired introductory programming skills in languages such as Python and Java. Participated in group projects that emphasized collaboration and basic software development principles, allowing me to apply theoretical knowledge in practical scenarios. Engaged in online coding challenges to reinforce my understanding of algorithms and data structures.
